## Donations In Overlapping Zip Codes

A CSV file with every federal donation made by an individual in zip codes that overlap with this district shape. NOTE: These are federal donations only and do not include donations made to FL candidates or State political groups.

Filename: donations\_in\_zips\_fl\_house\_22.csv

This data is stored as a Public Dataset in Google's BigQuery Marketplace. Link to further description here:

<https://console.cloud.google.com/marketplace/product/federal-election-commission/fec-campaign-finance?project=ajf-election>

This dataset contains information for each donation made by and individual to a federal candidate or committee. Information provided includes Name, Zip Code, Occupation, Amount and Candidate/Organization given to.

NOTE: The FEC does not allow for the use of this information to solicit contributions or donations from individuals.

## FEC Donation Totals

Three CSV files of donation summaries.

(1) The top receiving committees and total amounts.

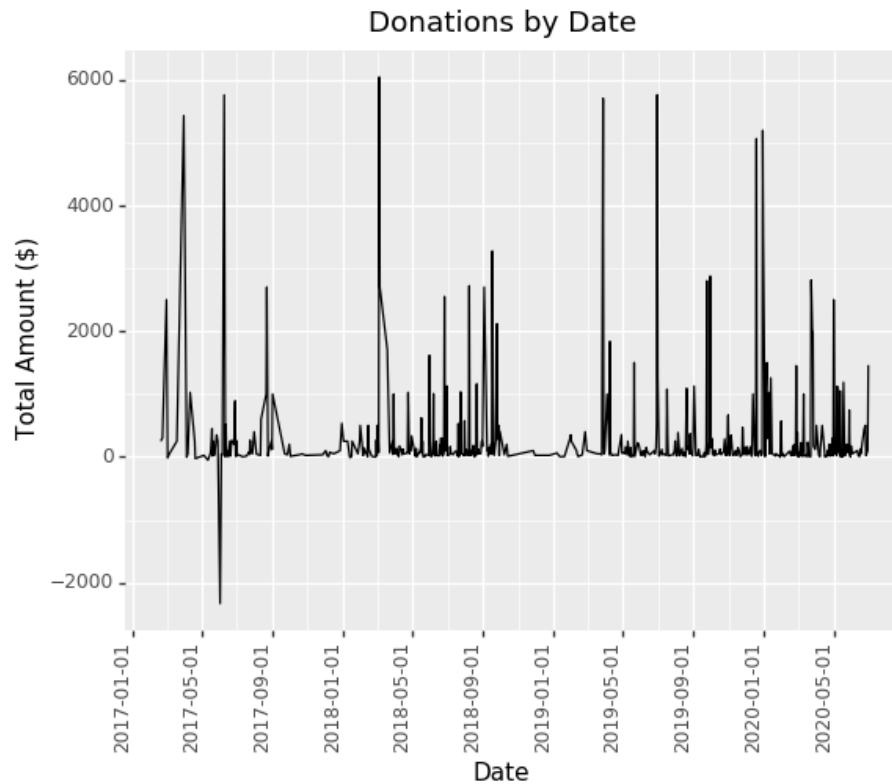

Filename: fec\_donation\_amounts\_to\_committee\_totals.csv

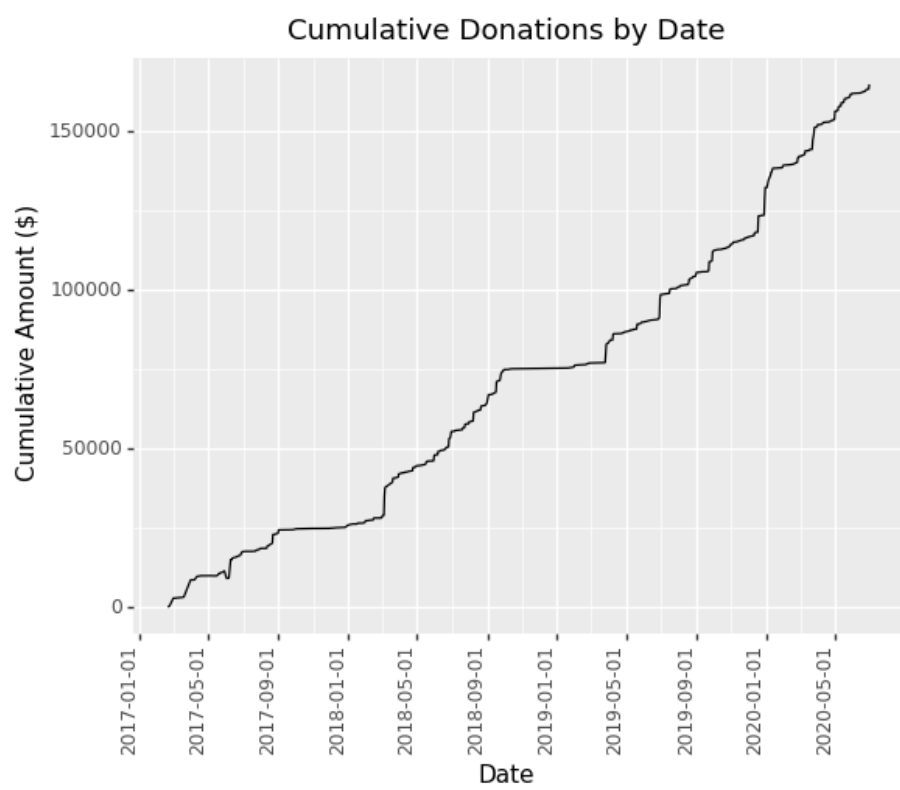

(2) The top donating zip codes by total amount.

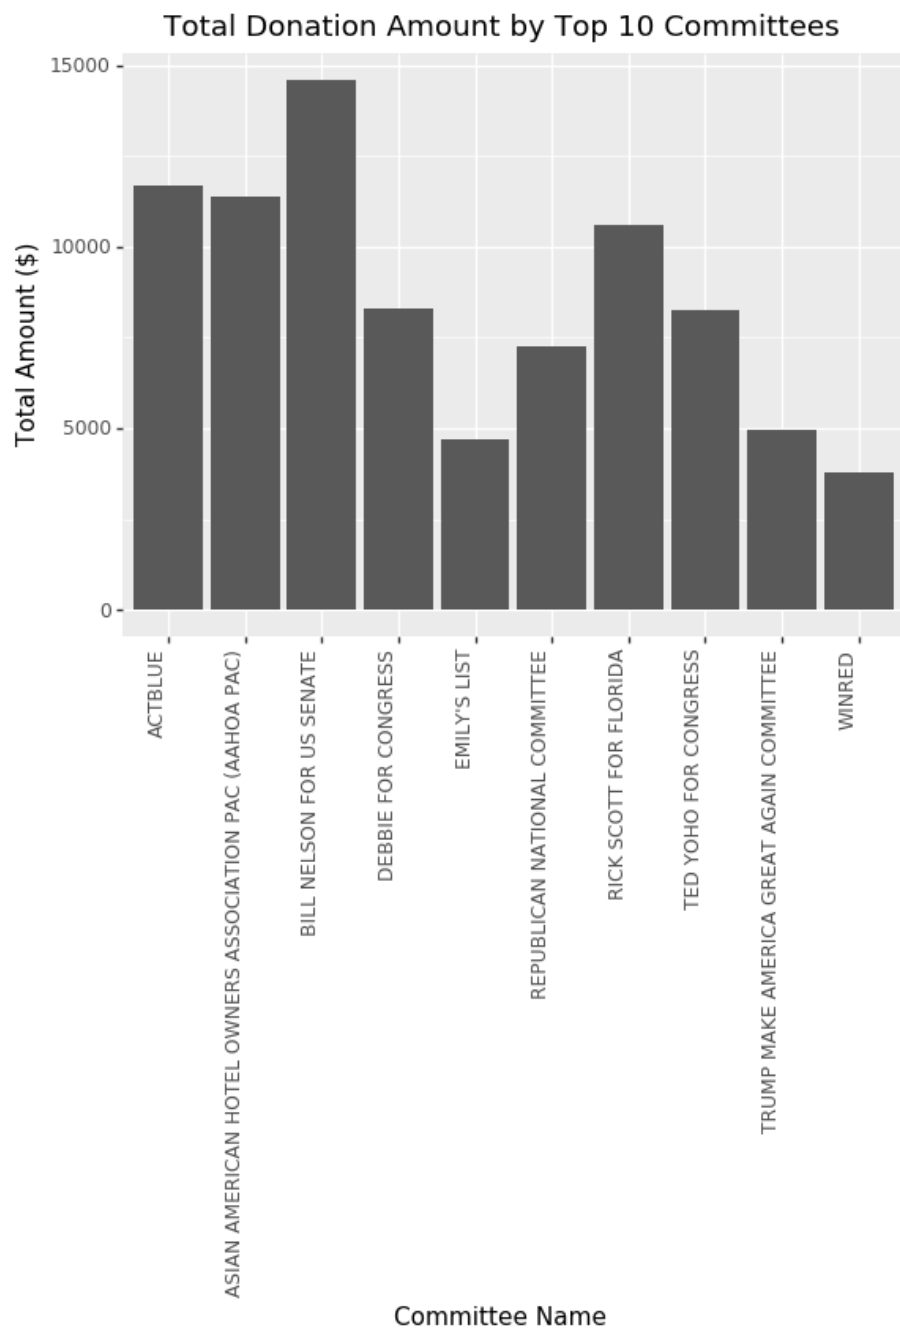

Filename: fec\_donation\_amounts\_from\_zip\_codes.csv

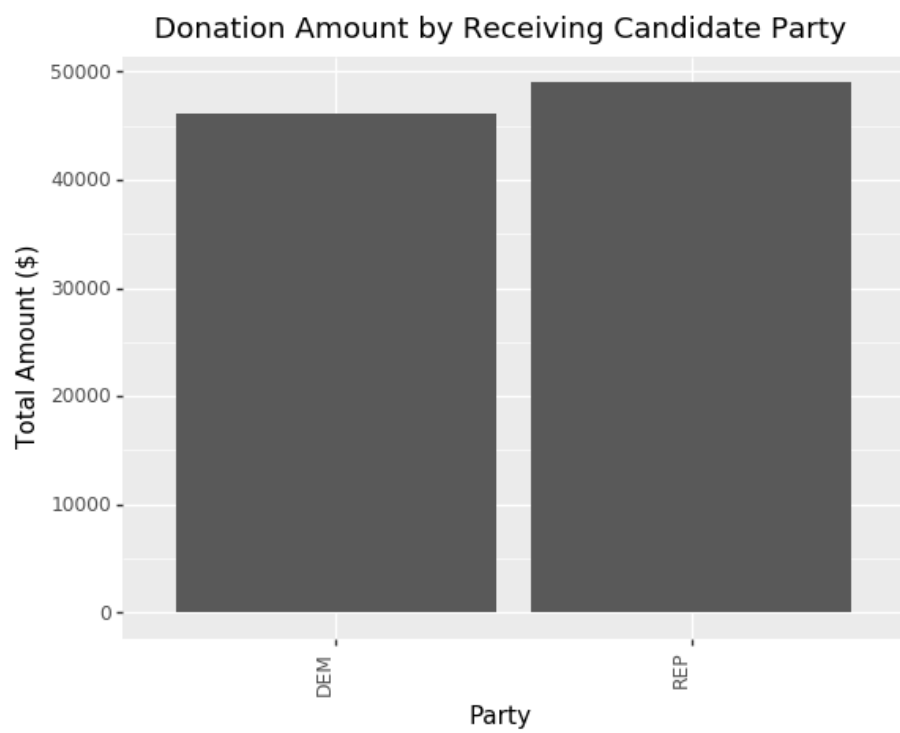

(3) Top individual donors in the covered zip codes.

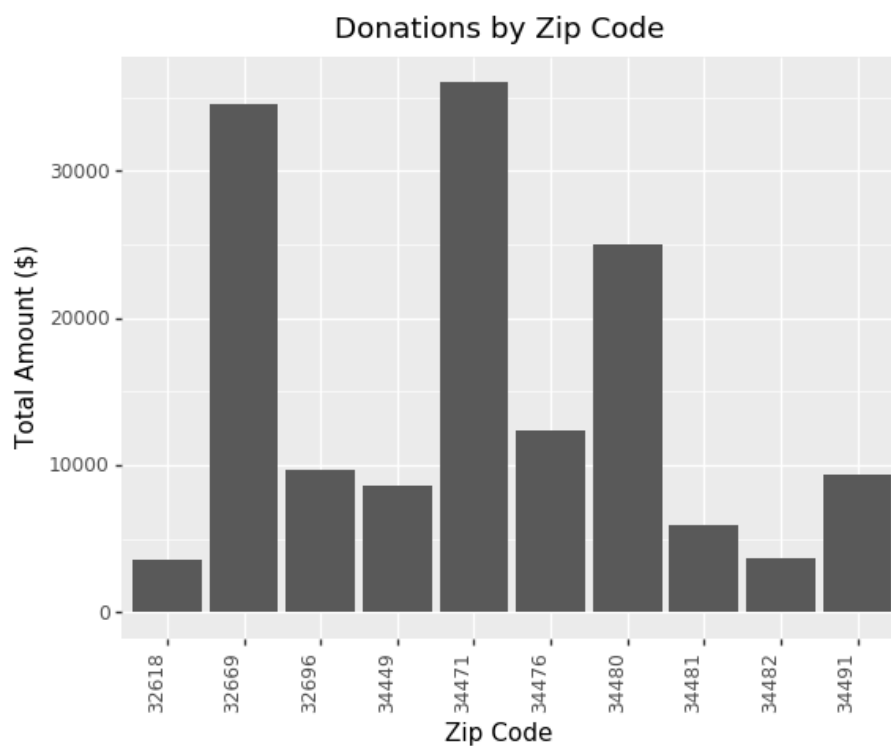

Filename: fec\_donation\_top\_individuals\_amounts.csv

## Google Ads in District

Placing a political ad in specific geographic regions through Google is a popular advertising strategy. Provided is an extract of ads placed through Google in the zip codes of the district that includes who paid for it, how much was spent, a link to the ad, and more.

This data is updated daily. A more frequent extract can be provided for up-to-date information on what ads are being served in your district.
